

Help your child reach higher!

UNCG DREAM CAMP

**A Day Camp Emphasizing
Social Skills and
Friendship Development**

**including but not limited to children/adolescents
with High Functioning Autism*

DREAM Camp is a day camp designed for children/adolescents with social skills and friendship challenges, including but not limited to those with **High Functioning Autism**. Camp is designed for children aged 8 to 18.

DREAM Camp is a therapeutic and recreational summer program. The main focus of the camp is to enhance social and friendship skills. In addition, adolescents will receive developmentally-appropriate life skills training. Campers will also participate in enjoyable camp activities, including arts and crafts, musical performances, and sports!
